

HLSI Covid News

3 November 2020

In response to this week's lockdown announcement from the government, HLSI will be closing its doors until 2 December, including the temporary closure of the Library. Every effort will be made to re-schedule activities that were due to be held in the building over this period.

Our hope is that we will return to our planned programme of events in December. Naturally, we will continue to comply with all measures for the safety of staff and visitors to the building: increased cleaning of the building, online booking and payment only, hand sanitising, mask wearing and social distancing for all entering the building.

In the meantime, we have many activities for members and non-members available online. Full details may be found on the website. You may also contact the office: admin@hlsi.net or phone 020 8340 3343 or 07724 569208
